

# Title of Your Paper for ICGSBT 2026

*Author details removed for double-blind review*

## Abstract

*This document provides a template for the International Conference on Global Sustainable Business Transformation with NextGen Information Technology (ICGSBT 2026). The abstract should summarize the research objective, methodology, key findings, and implications. It should be between 250 and 350 words.*

**Keywords:** Sustainable Transformation, NextGen IT, Digital Economy, Green Policy, [3-5 Keywords]

## 1 Introduction

The International Conference on Global Sustainable Business Transformation with NextGen Information Technology focuses on the intersection of digital technology and sustainable development goals. This section should introduce the problem statement and the significance of the study.

## 2 Literature Review

Summarize existing research related to your chosen track.

- **Track 1:** Sustainable Business, Green Economy & Policy.
- **Track 2:** NextGen Digital Technologies (AI, IoT, Blockchain).
- **Track 3:** Sustainable Energy and Environment.

## 3 Methodology

Describe the research design, data collection methods, and analytical tools used in the study. Ensure the methodology is robust enough to support the findings.

## 4 Results and Discussion

Present the empirical findings. Use tables and figures to illustrate complex data.

Table 1: Sample Table Heading

Variable	Value	Unit
Data A	10.5	%
Data B	22.1	kg

## **5 Conclusion**

Summarize the contributions of the paper and suggest areas for future research. Ensure the paper stays within the 6–8 page limit for full papers.

## **Acknowledgment**

Optional: Place acknowledgments here only in the final camera-ready version.
